

The Owingsville Outlook.

VOL. XIX.

OWINGSVILLE, KENTUCKY, THURSDAY, SEPTEMBER 9, 1897.

NO. 9.

G. A. R. Reunion at Preston Sept. 16th, 17th and 18th.

The early corn is ripening, and cutting it will commence soon.

Crimp may be expected to pounce down upon us at any time now.

Next Monday will be County Court day. Come in and see us.

W. T. Warner sold to Richard Donaldson three yearling steers at \$32.50 per head.

The State Conference of the M. E. Church, South, will meet in Mt. Sterling Sept. 14th.

Born, Sept. 3d, to Mr. and Mrs. George Clark, of Flat Creek, a daughter—their first-born.

On account of lack of space we were obliged to cut down some of our communications this week.

The potato crop is making an unusually small yield this year. The crop is truly small potatoes and few in a hill.

Hamilton & Scott, of Flat Creek, sold 17 hds. of tobacco in Louisville last week at from \$18.25 to \$5, averaging \$11.25.

Mrs. Anna Peters gave a delightful social to her friends at her home on Slatie Avenue on Friday night of last week.

B. M. Goodpaster and C. R. Scott have had a nice monument erected at the grave of Joseph R. Scott, in the Cemetery here.

Elder W. T. Brooks, of Lexington, will preach at the Christian Church here the fourth Sunday in this month, Sept. 26th.

The school at Bath Seminary opened Monday with a fine attendance. The prospect for a good school is very favorable.

R. F. Tapp sold to W. R. Gordon, of Clark county, seven 905-lb. yearling steers at \$3.65; eleven 714-lb. at \$3.50 and five 695-lb. at \$2.25.

Pawpaw tree is here, but none of the fruit has made its appearance on the local market. We haven't learned what sort of a crop there is.

\$350,000 is the estimated value of the horses to leave Boston on special train Oct. 2d, en route to the big Lexington meeting of Oct. 5 to 16.

What one of the crack 3-yrs.-olds will win the rich Kentucky Futurity, on Oct. 5th, the first race of the Lexington ten-day trot? A Kentucky one, we hope.

Charles Spencer, of Roe's Run, sold to Ed Clay, of Montgomery county, seventeen yearling steers, that will average 1,000 pounds, at 4c, October delivery.

David Crouch, of White Oak, sold his 1897 crop of tobacco to Dock Whaley at 10 cents per pound. Mr. Whaley standing all risk of loss yet by half or frost.

A ten-days' church meeting will be held by the colored people of Bethel, beginning Sept. 25. Seven tents will be erected on the grounds. See hand bills for particulars.

Miss Susan Gregory gave a most enjoyable social to her young friends at her home on Upper Prickett on Thursday night of last week. Several from here attended.

James Crouch moved to Morehead today (Thursday) with his family. He will follow the butcher's business here. We hope that Jim will find a gold mine there. He is just as clever as he can be.

I have just received my fall samples. Come and select a beautiful suit for a little money. We guarantee goods, style and fit.

A. S. THOMAS.
Red Corner, back of Court-house.

The Montana Copper King Marcus Daly will be in Lexington during the great trotting meet at Oct. 5 to 16, to see China Silk and Limerick, his colts, try for the rich Futurity stakes, worth \$20,000.

After an absence of nearly a year on account of ill health, George R. Snyder has resumed his position with the Planters' Tobacco Warehouse, Louisville, Ky., which will be pleasant news to his numerous friends over the State.

The Camp or Tent Meeting held recently in this city by the pastor and members of the C. M. E. Church was very successful. The Church was greatly strengthened spiritually. The total receipts were over \$90 and clear receipt over \$60.

Simp Newman, of Grange City, was here Monday settling the indebtedness incurred in connection with the G. A. R. reunion held at his town last week. He reports the reunion a great success. There was a large attendance, excellent order was maintained, and everyone present had a fine time.

POPULIST SPEAKING.—We are informed that Jo A. Parker, Populist nominee for Clerk of the Court of Appeals, is to speak at Sharpsburg Monday night, Sept. 18th, and at Owingsville Sept. 14th at one of two o'clock p.m. Mr. Parker is a State leader in his party and has been Chairman of the State Committee. He supported Bryan last year. He belongs to the middle-of-the-road element of the Populists and will have some interesting things to say. Turn out and give him good audiences.

Oratorio 2:13, and Tommy Britton 2:12, are two Kentucky horses that have a chance to win the famous \$5,000 Transylvania stake to be decided on the third day of the big Lexington trot of October 5th to 16th next.

Elder Benbrook commenced a protracted meeting at Wyoming Sept. 3d. In some unexplainable way the announcement appeared in the Wyoming items that the meeting would begin on the third Sunday. He is having a good attendance and will continue over Saturday.

CONFUSION OF POLITICS.—Both the Republican and Popocratic parties in Bath county appear now to be considerably split up on men and issues. The National Democratic party, however, is as solid as the rock of Gibraltar, without dislocation and with plenty of recruits for J. R. Hindman.

STRONG TICKET.—The Republican county convention Wednesday of last week was well attended by representative Republicans from over the county. The proceedings were a model of good order. The nominations were well distributed over the county, and the ticket appears to be a strong one.

Mrs. Joseph Davis, aged 79 years, died of the infirmities of old age at 4 o'clock p.m. Wednesday, September 1st, at her home, on Allkyre's Branch. Interment Thursday afternoon at the David Bailey burial ground. She leaves a husband and several children, who have the sympathy of their friends in their loss.

HAY-RIDE PARTY.—A party of young people took a "hay ride" to Wyoming Friday night. The party was composed of the following: Miss Ethel, Daisy, Clifford and Nina Hazelrigg, with their guests Misses Minnie and Nannie Ralls, of Sharpsburg; Misses Linda Allen, Nellie Kimbrough, Maude Trumbo; Messrs. L. O. Kimbrough, Eugene Brother, Glenn Perry, Ed Byron, Ray Patterson, Dr. T. B. Beebe, Emmet Fratman and Levi Goodpaster.

The vehicle was a farm wagon, with hay bed filled with hay covered with a tarpaulin. The front and rear of the wagon were decorated with evergreens, and the team was composed of mules.

The State T. S. Shout and Ford Patterson have so far recovered from their spells of fever as to be out again.

Judge W. S. Gudgel, Sanford A. Hamilton and Arthur Power are all very sick with typhoid fever. Each is in a long siege, but on Tuesday they were doing as well as could be expected.

Since early spring there have been eighteen cases of fever in town, but our physicians haven't lost a case so far. The epidemic of fever extends through the country also, but it seems to be of a mild form.

People should use every precaution in having their premises kept clean and disinfected by scattering lime and copperas, and find it far preferable to a cure.

REPUBLICAN MASS DIST. CONVENTIONS CALLED.—The Bath Co. Republican Executive Committee at its meeting Sept. 1st authorized the following nominations: Butler for Magistrate and Thomas Ulery for Constable in the Wyoming, or Third, Magisterial district; C. A. Brown for Magistrate in the Sharpsburg district.

Also mass conventions are ordered to be held in the remaining districts on Saturday, Sept. 11th, 1897, to nominate candidates for Magistrate and Constable.

It requires the signatures of twenty voters in each magisterial district to get the names of candidates on the official ballots.

The mass meeting for White Sulphur district will be held at Salt Lick; that for Bethel and South Sherburne at Bethel; Owingsville, at this town.

O. F. BYRON, Chairman.
R. N. WILLIAMS, Secy.

TABACCO REPORT.—EXPRESSLY FOR THE OUTLOOK BY J. S. PHELPS & CO., PLANTERS' WAREHOUSE.—Loudonville, Sept. 4th, 1897.—We have had another week of large sales and receipts. The Burley market has been less satisfactory to sellers than was last week. On Wednesday the offerings were very heavy and the market showed decided irregularity on all grades selling above \$9 per hundred. The tobacco selling between \$4.50 and \$7.50 was well sustained. On Friday all grades seemed to us more active and stronger than they were the first part of the week. The offerings have been unusually mean and more funk and bad-ordered tobacco has appeared than we have seen at any time in the past month. The common red fillers were closely watched by buyers and seemed to us the only grade of tobacco that brought as much money as it did last week.

In dark tobacco we can not see any change from last week's prices; the common nondescript leaf and Spanish lugs are neglected, no one seeming to want them even at the extremely low prices at which they are selling. Heavy-bodied rich leaf and lugs and long leaf suitable for rebanding brought about the same prices that have ruled for the past month.

POPULIST SPEAKING.—We are informed that Jo A. Parker, Populist nominee for Clerk of the Court of Appeals, is to speak at Sharpsburg Monday night, Sept. 18th, and at Owingsville Sept. 14th at one of two o'clock p.m. Mr. Parker is a State leader in his party and has been Chairman of the State Committee. He supported Bryan last year. He belongs to the middle-of-the-road element of the Populists and will have some interesting things to say. Turn out and give him good audiences.

BIG OPENING TRADE.—Vic Bloomfield & Co.'s opening here Saturday was an immense one. They worked four salesmen from early morning until late at night and report the biggest sales of any opening day at any of their numerous stores in the State. Mr. Vic Bloomfield returned to Winchester Sunday, but will be back some time this week.

TEACHERS' INSTITUTE.—(Continued.)—Reported especially for THE OUTLOOK.

WEDNESDAY.—Institute called to order by Chairman at 9 a.m.

Song by teachers.

Devotional exercises were conducted by Brother Porter.

Miss Peters in her usual pleasant manner presided at the piano.

Psychology was again taken up.

The intuitions were discussed with a great deal of enthusiasm. Profs. Bowman and Liming holding, with the Herbert school, that man comes into the world with nine pounds avordupois, more or less, and capacity which to power must be filled by experience. Profs. Porter, Leahy and others put more stress on the intuitive powers.

RECESS.

Music by Miss Brother and Miss Perry.

Owing to the convention it was decided by the Institute to adjourn until 3 p.m. At this hour Arithmetic was again discussed.

Measurement was taken up.

The point, line, surface and solid were presented in their relations.

The Conductor gave many illustrations, very vividly presenting the relations of the rectangle, triangle, circle, cylinder, cone, and rectangular solid.

The intricate question, Why, in division of fractions, do you invert the divisor and multiply? An example was taken and the principle was made plain to all.

Music by Misses Brother, Richardards and Peters.

Arithmetic continued. Prof. Leonard Cornett presented some very practical remarks.

Brother Porter discussed "The House I Live in," showing how this represents the ego and non-ego or the spiritual and physical self.

The Conductor illustrated the effect of alcohol by pouring the contents of a small vial into a tumbler containing the albumen of an egg.

Writing was discussed. It was decided that every teacher should teach writing.

Music by little Katie Rice.

Recess.

School management was discussed by Prof. Leahy.

Music by Mrs. Young.

THURSDAY.

Institute opened at the usual hour. Services were enlivened by the patriotic song "America." C. V. Liming conducted devotional exercises. A second song by the Institute, Miss Peters presiding at piano.

Language was taken up for discussion. Miss McCorckell discussed How to Teach Language in First and Second Reader grades. This was followed by Miss Corbett, who presented a very interesting continuation of same. Mrs. Stevenson discussed the same subject from her experience in more advanced classes. Prof. Razor gave his experience in a very concise manner. Rev. Porter expressed himself as not favoring the use of Primary Texts in any subject. It was concluded that to teach clear, cogent thought the teacher must drill, drill, drill, through every recitation of every subject, during every day of the term, with or without text the teacher is after all the life of the class.

It was concluded that to teach clear, cogent thought the teacher must drill, drill, drill, through every recitation of every subject, during every day of the term, with or without text the teacher is after all the life of the class.

RECESS.

Instrumental music by little May Shout and Lottie Atchison.

Advanced Grammar was discussed by Prof. Stevenson. Prof. Bowman would follow the text in teaching advanced grammar. He would have work frequently written for teacher's personal examination.

Afternoon.

Physiology was introduced by Prof. Bowman. Prof. Stevenson suggested that the average teacher should buy "House I Live In" and find much collected for oral lessons.

FRIDAY.

Instrumental music by Miss Conner.

School management continued.

How to call classes brought out a very hearty discussion. Various methods were presented, all of which were very practical.

It is further resolved, That we ask our county representative to do all in his power to bring about this cause.

The following persons were named as Vice Presidents of the various district Associations:

District No. 1, Wm. Stevenson;

2, Z. T. Bowman; 3, S. A. Barber;

4, V. C. Razor; 5, G. W. Young.

Institute adjourned.

NOTES.

Many from a distance attended, adding to the large body of interested and intelligent auditors and stimulating the participants.

A duet on the piano by little Misses May Shout, daughter of T. S. Shout, and Lottie Atchison, of Wm. Atchison, was much enjoyed. The musicians are only about nine years old each.

On Thursday night the subject "Affirmed, that women should have the same political privileges as men" was debated by C. V. Liming and J. H. Herron for the affirmative side, and Z. T. Bowman and G. W. Leahy for the negative. The judges were C. W. Goodpaster, W. G. Ramsey and C. G. McAlister. The negative side won.

1. That we extend our thanks and best wishes to Mr. J. D. McLean, for our worthy Co. Supt., for the efficient manner in which he has presided over our deliberations; and this being the last County Institute over which he will preside during his present term of office, we desire to express our approval of the efficient and faithful manner in which he has fulfilled the duties of his office. We regret his departure from our ranks and tender him our best wishes for his future career.

2. That we extend our thanks to Prof. G. W. Leahy for the very efficient manner in which he has guided and directed us in this Institute, and can heartily commend him as one of the foremost Institute Instructors of the State.

3. That we thank Bros. Walton, A. C. Brown, Chairman.

R. N. WILLIAMS, Secy.

The Committee on Resolutions then presented their report, which was adopted as follows:

We, the teachers of Bath Co., after a session of five days' interesting and instructive work, beg leave to offer the following resolutions:

Outlook and Louisville Weekly Dispatch, \$1.75.

NATIONAL DEMOCRATIC TICKET.

FOR CLERK OF COURT OF APPEALS,
JAMES R. HINDMAN,
of Adair county.

Judge W. H. Yost, National Democrat, will deliver a speech, on political issues, at Owingsville October 11th, County Court day. He speaks at Mt. Sterling September 25th, at Flemingsburg October 7th, and at Sharpsburg October 9th.

OHO got only about one third of McKinley's best appointments, but there is probably no diminution of pie-hunger in that State by reason of it.

HINDMAN continues to present pure Democracy from the stump to the people of the Western end of the State. Senator Lindsey is figuring on 75,000 votes for Hindman.

A CERTAIN measure of political peace for a few years is a most desirable thing, but if the friends of free silver insist that it isn't dead it must be hit every time it wiggles.

Debs and other agitators are trying their best to commit organized labor definitely to socialism. The conference of the labor leaders at St. Louis last week was marked by socialist sentiment.

It is immaterial to the Pennsylvania Popocrats whether the Republican majority against them is 200,000 or 500,000. In State convention they reaffirmed Bryanism with a whoop and some fights.

Capt. JACK GROSS, ex-Senator and ex-Adjutant General, was both a Blackburn and a Bryan man the past year, but he says: "I think the bottom has dropped out of the argument for free silver."

Gov. Todd, of Louisville, has incurred the antagonism of a considerable number of the influential men of the Republican party in that city and they are supporting Weaver against him. It looks like Weaver will be elected easily, as the silver Democrats and National Democrats are warmly for him.

THE Pennsylvania Popocat Committee "harmonized" by removing Wm. F. Harrity from the National Popocat Committee. Harrity was once National Chairman of the Democratic party. He was not zealous in the cause of Bryanism, and was rather unmercifully kicked out of his position as Pennsylvania member of the National Popocat Committee. Harrity used to be a pretty fair sort of a Democrat before free silver became the fashion and a test of Democracy.

The conservative labor leaders like Powderly and Gompers are being thrown overboard by the radical followers of Debs and Sovereign. Powderly has been generally denounced by them for his support of the gold standard. The United Labor League of Western Pennsylvania adopted a resolution condemning Gompers' remarks against the revolutionary utterances at the recent St. Louis conference of the labor leaders. The Chicago labor convention of Sept. 27th bids fair to be given over to wild socialistic sentiments.

CORRESPONDENCE.
